Come for a lively evening of fun, laughter and socializing at a square dance open house or lesson. Make new friends while dancing to diverse recorded music and a live caller. No experience is needed, you learn as you dance.

Square dancing is a unique social activity where the eight people in each square work together, following the calls and dancing to the music. It is excellent exercise for both the body and the brain. Mistakes? Don't worry! That's what laughter is for.

Come see why square dancing is so much fun!

Singles and couples of all ages are welcome. Dress is casual.
